Caravana Banda is a one-of-a-kind band, whose artistry and musicality fuse gypsy, balkan, and flamenco influences, mixing grand, theatrical majesty with a "street" energy! Through the voice and flamenco dancing of Magda Navarrete, a Czech Brass Band, a Spanish guitar, and Balkan drums - this mosaic brings together the best of European sounds in one place.

From over two years Caravana Banda wins their audience in: Czech Republic, Slovakia, Germany, Ireland, Austria, Finland and Poland, bringing to stage an aspect of "firecrackers energy," and at the same time theatrical and artistic feeling for music. They even have some of the Brazilian touch, which band has more and more in common with. They go to Sao Paulo to record their next album with Grammy Winner Producer - Ale Siquiera.
